"The annual rate of interest is ____%. This interest rate may be different from the Annual Percentage Rate. You figure the Finance Charge by applying the scheduled installment earnings method as defined by the Texas Finance Code to the unpaid cash advance. The unpaid cash advance does not include the administrative fee, late charges, and returned check charges. If I prepay my loan in full before the final payment is due, I will not have to pay a penalty, and I may save a portion of the Finance Charge. I will not be paid a refund if the refund would be less than \$1.00. You base the Finance Charge and Total of Payments as if I will make each payment on the day it is due. My final payment may be larger or smaller than my regular payment.

I have paid any points, administrative fee, or loan origination fee as prepaid interest. The administrative fee is earned at the time the loan is made and is not subject to refund. If I pay the loan in full early, you will refund any prepaid interest that would make the interest rate exceed the maximum rate allowed by law. Any refund will be credited to my account.

Any payment(s) that you accept after the final payment becomes due is not a renewal or extension of this Loan Agreement unless you agree in writing.

You will apply my payments in the following order: (1) interest that is due, (2) principal, (3) any other charges I owe."
